

Zoom.

Zoom is a very simple video and tele-conference application. For a meeting you will receive an email with a simple link to the meeting.

The simplest way to join the meeting is to click the meeting. This will automatically launch a browser where you can connect to the meeting via a web browser.

The Zoom experience can be better if you either download the Application to your phone. You can also download the desktop application. See below.

VIA EMAIL

Click the join link in your email or calendar invitation.

Hi there,

is inviting you to a scheduled Zoom meeting.

Join from PC, Mac, Linux, iOS or Android <https://.zoom.us/j/>

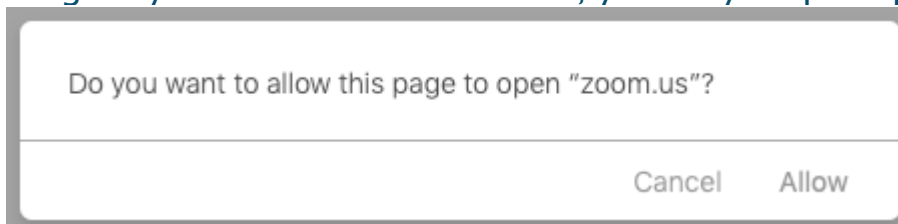

Or iPhone one-tap :

US: [+16468769923](tel:+16468769923), or [+16699006833](tel:+16699006833),

Or Telephone :

Dial(for higher quality, dial a number based on your current location):

Depending on your default web browser, you may be prompted to open

Zoom.

VIA PHONE

Search and download the application on the Apple or Android App Stores. Once it is downloaded, when you click the link in the email, the application will automatically launch.

VIA DESKTOP APPLICATION

Search the Zoom download. Download the app and open up the file that is downloaded that ends in ".exe". Once it is downloaded, when you click the link in the email, the application will automatically launch.

BEST PRACTICES

- 1) Use the mute function within the app when you are not talking
- 2) Be cognizant that you are on video if you have not turned off video.
